Criteria 3

3.6.1

Outcomes of extension activities in the neighbourhood community in terms of impact and sensitizing the students to social issues and holistic development, and awards received if any during the last five years.

3.6.1

Outcomes of extension activities in the neighbourhood community in terms of impact and sensitizing the students to social issues and holistic development, and awards received if any during the last five years.

Dev Sanskriti Vishwavidyalaya (DSVV) has launched an Incubation Centre that actively encourages entrepreneurship through various initiatives, including workshops, weekend programs, innovative idea competitions, and extensive support for startups via its Sanskriti Center for Incubation and Entrepreneurship Training. These initiatives particularly emphasize the promotion of social entrepreneurship. DSVV's vibrant ecosystem is tailored to inspire innovation and nurture an entrepreneurial mindset, especially in tackling social issues. The university prioritizes rural development, sustainability, and entrepreneurship as fundamental components of its mission.

A notable aspect of DSVV's ecosystem is its emphasis on herbal innovation. The university has created a distinctive, herb-based environment that fosters the development of new herbal products, nutraceuticals, and innovations in traditional medicine. Examples of this commitment include herbal mixtures, immune-boosting teas created in response to the COVID-19 pandemic, and immune candies, all showcasing the university's dedication to herbal research and entrepreneurship.

In addition to herbal innovations, DSVV promotes creativity and innovation through its specialized departments in Animation, Media, and Printing. The university's successes include reaching the final round of Toycathon 2021 with the Panch Mahabhoot Game and producing Pragma Tale Animations. These projects exemplify the university's thriving innovative spirit within its spiritually enriched environment. The School of Technology, Communication, and Management further advances developments in computer programming and IT-related fields.

DSVV's creative ecosystem is enhanced by its cutting-edge studio for film and media collaborations, as well as its field laboratories dedicated to medicinal plant sciences. These facilities encourage exploration in technology, herbal sciences, and entrepreneurship. The university has developed over 70 products across 10 categories, supported by its Herbal Pharmacy, Herbal Garden, Yagyavalkya Center for Yagya Research, and field laboratories focused on medicinal plants. To bolster research-driven innovation, DSVV launched a new Cell and Molecular Biology facility in 2023.

Additionally, the university has established the Centre for Artificial Intelligence & Research, further solidifying its commitment to promoting innovation. Through the Sanskriti Center for Incubation and Entrepreneurship Training and its Institutional Innovation Cell, DSVV regularly organizes entrepreneurship workshops, weekend programs, and innovative idea competitions, cultivating a dynamic startup ecosystem.

In 2022, DSVV introduced the Ministry of Education's Institutional Innovation Council, aimed at fostering innovation among students. This initiative provides students with the skills, knowledge, and entrepreneurial mindset necessary for success. For example, an online interaction on September 10, 2023, allowed students to engage with a successful entrepreneur who shared her journey.

In summary, DSVV's initiatives to promote entrepreneurship and innovation across various fields, such as herbal research, animation, media, and technology, underscore its unwavering commitment to addressing societal challenges and nurturing a culture of creativity, enterprise, and sustainable development.

List of extension activities

Name of the activity	Name of the Award/ recognition	Name of the Awarding government/ government recognised bodies	Year of award
To the volunteers participating in the Path of Duty, Delhi in 2022 and 2023, and the National Service Scheme Award 2021-22 at Raj Bhavan	State honour - National Service Scheme Award 2021-22	Uttarakhand Governor Lieutenant General Gurmeet Singh (Retd)	2023
