5.4.2: Alumni contributes and engages significantly to the development of institution through academic and other support system Describe the alumni contributions and engagements

At Dev Sanskriti Vishwavidyalaya (DSVV), the Alumni Speak Sessions have become a cornerstone for fostering connections between current students and alumni from various courses. These sessions aim to bridge the gap between academic learning and real-world experience, offering students valuable insights into their future careers.
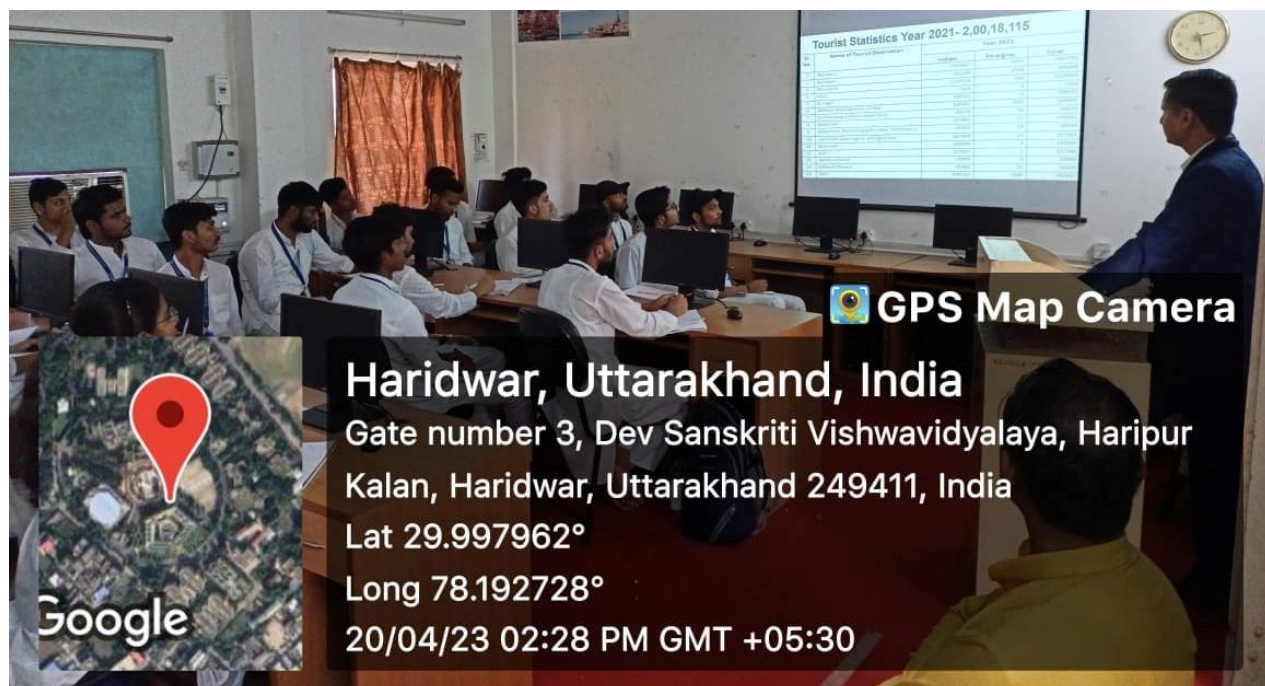

Overview of Alumni Speak Sessions

The Alumni Speak Sessions are organized periodically, featuring alumni who share their professional journeys, challenges, and successes. These events provide a platform for alumni to reconnect with their alma mater while inspiring current students through their experiences. The sessions cover a wide range of disciplines, reflecting the diverse academic offerings at DSVV.

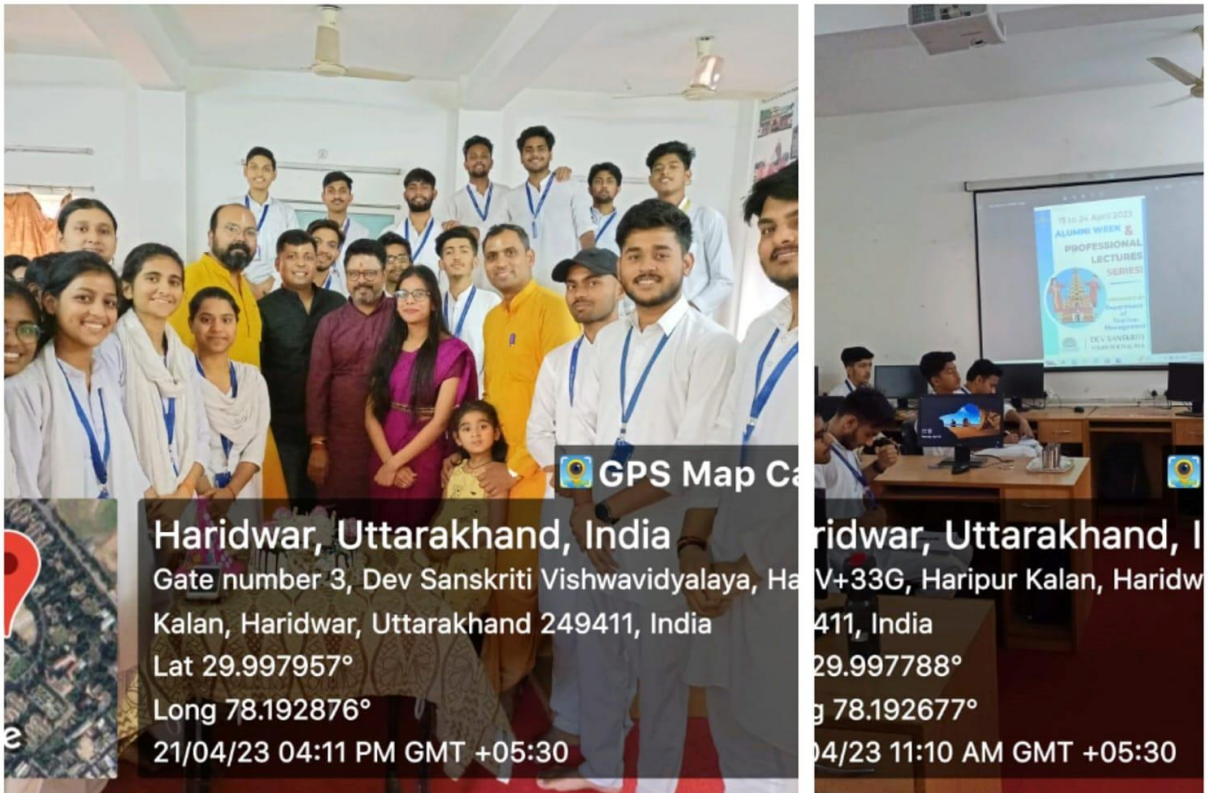

Engagement and Interaction

During these sessions, alumni engage in open discussions with students, addressing queries related to career choices, industry trends, and skill development. This interaction not only enhances students' understanding of various fields but also encourages them to network effectively. Alumni often share practical advice on navigating the job market and the importance of continuous learning.
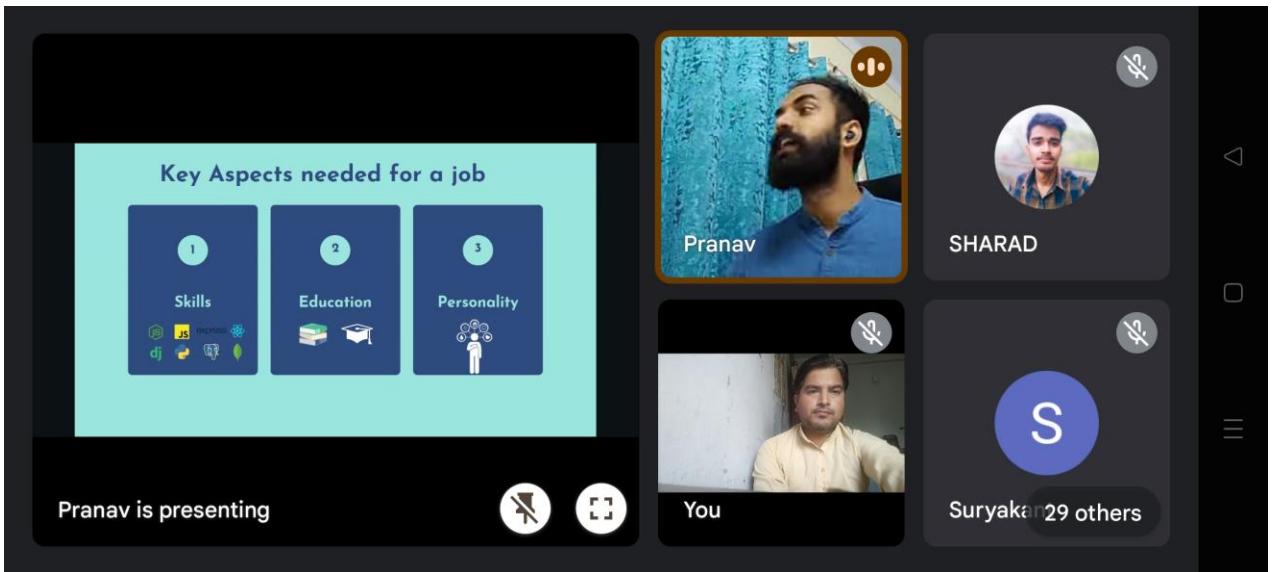

Impact on Students

The feedback from students has been overwhelmingly positive. Many express that these sessions help demystify the transition from college to the workplace. Alumni stories of perseverance and adaptability motivate students to pursue their goals with confidence. Additionally, the sessions emphasize the importance of building a professional network, which can be instrumental in securing internships and job placements.

The Alumni Speak Sessions at DSVV exemplify the university's commitment to holistic education by integrating alumni experiences into the learning process. By facilitating these interactions, DSVV not only strengthens its community but also equips students with the knowledge and inspiration needed to thrive in their future endeavors. The ongoing collaboration between current students and alumni continues to enrich the educational environment at DSVV, fostering a culture of mentorship and support.

Report: Placement Assistance Workshop

Organized by

Dev Sanskriti Students Club, Dev Sanskriti Alumni Association
&
Department of Computer Science

Date: June 16, 2023

Speaker: Mr. Pranav Sharma
(Senior Software Developer at SelfDecode, San Francisco)

The Placement Assistance Workshop was conducted with the aim of providing valuable guidance and insights to students for their placement journey. The workshop was coordinated by Dr. Gopal Krishna Sharma and Sharad Raj Maurya (MCA, Semester-3) and featured Mr. Pranav Sharma, a senior software developer from SelfDecode, San Francisco, as the keynote speaker.

The workshop commenced with a collective recitation of the Gayatri Mantra, creating a positive and focused environment. Dr. Gopal Krishna Sharma and Sharad Raj Maurya provided an introduction, emphasizing the significance of the workshop and encouraging students to make the most of the opportunity to enhance their skills for placement.

Mr. Pranav Sharma, a highly experienced professional in the software development industry, was introduced as the speaker for the session. His achievements and expertise in both technical and managerial aspects were highlighted, further establishing his credibility.

Key points of discussion were:

1. Skills: Mr. Pranav Sharma emphasized the importance of skills in the placement process. He explained that companies evaluate an individual's skills based on their past projects, categorizing skills into three tiers: good, average, and beginner. Attendees were advised to choose a career path aligned with their passion.

2. Communication: Effective communication skills were stressed as crucial during interviews and interactions with potential employers. Mr. Pranav Sharma highlighted the significance of clear and articulate communication in making a positive impression.

3. Discipline: The need for discipline was emphasized in terms of time management, meeting deadlines, and maintaining professionalism. Mr. Pranav Sharma spoke on the importance of a disciplined approach throughout the placement process.

Skills were discussed in detail, with Mr. Pranav Sharma presenting an AI engineer roadmap to demonstrate the progression of skills in the field. Attendees were encouraged to

continually add new skills to their resumes, and it was explained that learning a new topic becomes easier once proficiency is achieved in a specific programming language. The speaker also discussed common skills that individuals should possess and inquired if anyone had added a new repository to their Git or completed any programming language-based projects.

The importance of a well-structured resume was highlighted, with Mr. Pranav Sharma emphasizing the role of keywords in making a resume effective. Attendees were advised to highlight their qualifications and skills in their resumes.

Mr. Pranav Sharma provided valuable insights and tips for interview preparation. He stressed the significance of effectively describing one's projects and past work experiences, answering common interview questions by highlighting relevant aspects related to the job. He also advised attendees to present their weaknesses as strengths and articulate why they would be beneficial to the company based on its direction. The importance of maintaining a positive and learning-oriented attitude throughout the interview process was emphasized.

During the Q&A session, attendees had the opportunity to ask questions on various topics, such as cracking FAANG company interviews, choosing a programming language, the necessity of official documentation for projects, and applying for internships. Mr. Pranav Sharma answered these questions, providing guidance on seeking advice from others, utilizing online resources like Google, and referring to roadmap websites for specific goals.

He encouraged attendees to apply for jobs even if they lacked some of the required skills, emphasizing the importance of continuous learning and personal growth. The workshop provided valuable insights and guidance to students, equipping them with the necessary knowledge and skills for.

At the end of the Placement Assistance Workshop, Dr. Gopal Krishna Sharma and Mr. Sharad Raj Maurya on behalf of the students expressed gratitude to Mr. Pranav Sharma for his insightful session and valuable guidance, they acknowledged the immense contribution of Mr. Pranav Sharma in sharing his expertise and experiences, which would greatly benefit the students in their placement.

Workshop concluded with the Shanti Path.
