## Criteria 7

**7.1.1: Institution has initiated the Gender Audit and measures for the promotion of gender equity during the last five years**

## 7.1

### Institutional Values and Social Responsibilities

DEV SANSKRITI  
VISHWAVIDYALAYA

Dev Sanskriti Vishwavidyalaya (DSVV) is committed to creating a safe, supportive, and empowering environment for female students. The university has implemented various initiatives aimed at promoting gender equality and ensuring the well-being and security of female students. Here are the detailed measures taken by DSVV:

#### **1. Tuition Fee Waivers for Girls**

DSVV offers tuition fee waivers for female students to encourage their enrollment and support their education. This initiative aims to reduce the financial burden on families and promote higher education among girls. By providing financial assistance, the university ensures that more girls have the opportunity to pursue their academic and career goals without economic constraints.

#### **2. NCC Girls Wing on Campus**

The National Cadet Corps (NCC) Girls Wing at DSVV provides female students with opportunities for leadership development, physical fitness, and discipline. The NCC program encourages patriotism, community service, and personal growth. Participation in the NCC Girls Wing helps female students build confidence and resilience, preparing them for various challenges in life.

#### **3. Health Checkup for Females**

DSVV organizes regular health checkups specifically for female students to monitor and maintain their health and well-being. These checkups include screenings for common health issues and provide guidance on maintaining a healthy lifestyle. The university ensures that female students have access to medical care and support whenever needed.

#### **4. Sanitary Pad Dispenser Machines**

To ensure menstrual hygiene and convenience, DSVV has installed sanitary pad dispenser machines at various locations on campus. These machines provide easy access to sanitary products, ensuring that female students can manage their menstrual health with dignity and comfort. This initiative also aims to break the stigma surrounding menstruation and promote a healthy dialogue about women's health.

#### **5. Lectures/Seminars on Women Empowerment**

DSVV regularly conducts lectures and seminars on women empowerment to inspire and educate female students about their rights, opportunities, and potential. These sessions feature speakers from various fields who share their experiences and insights on overcoming

challenges and achieving success. The goal is to empower female students with knowledge and motivation to pursue their ambitions confidently.

## **6. Female Guards at Every Point**

The university employs female security guards at various points across the campus to ensure the safety and security of female students. Having female guards provides a sense of comfort and assurance to the students, as they can approach them with any concerns or issues related to their security.

## **7. Maintenance of Security Entry and Exit**

DSVV maintains strict security protocols for entry and exit points on campus. This includes monitoring and controlling access to ensure that only authorized individuals are allowed on campus. The security measures are designed to create a safe environment for all students, particularly female students.

## **8. Female Hostel Staff – Well-Trained and Educated**

The female hostels at DSVV are managed by well-trained and educated staff who are dedicated to ensuring the safety and comfort of the residents. The hostel staff is responsible for maintaining discipline, addressing concerns, and providing support to the students. They are trained to handle various situations and ensure a secure living environment.

## **9. 24x7 Surveillance of Common Rooms, Corridors, and Campus**

To enhance security, DSVV has installed surveillance cameras in common rooms, corridors, and other strategic locations across the campus. This 24x7 surveillance helps in monitoring activities and deterring any potential security threats. The surveillance system is an integral part of the university's safety measures to protect all students.

## **10. Faculty Counselors to Counsel Students**

DSVV has appointed faculty counselors to provide guidance and support to students. These counselors are available to address academic, personal, and emotional issues that students may face. They offer a confidential space for students to discuss their problems and receive professional advice. The counseling services are aimed at ensuring the mental and emotional well-being of the students.

Through these comprehensive measures, Dev Sanskriti Vishwavidyalaya strives to create an inclusive and supportive environment where female students can thrive academically, personally, and professionally. The university's commitment to safety, health, and empowerment reflects its dedication to fostering a holistic and enriching educational experience for all its students.

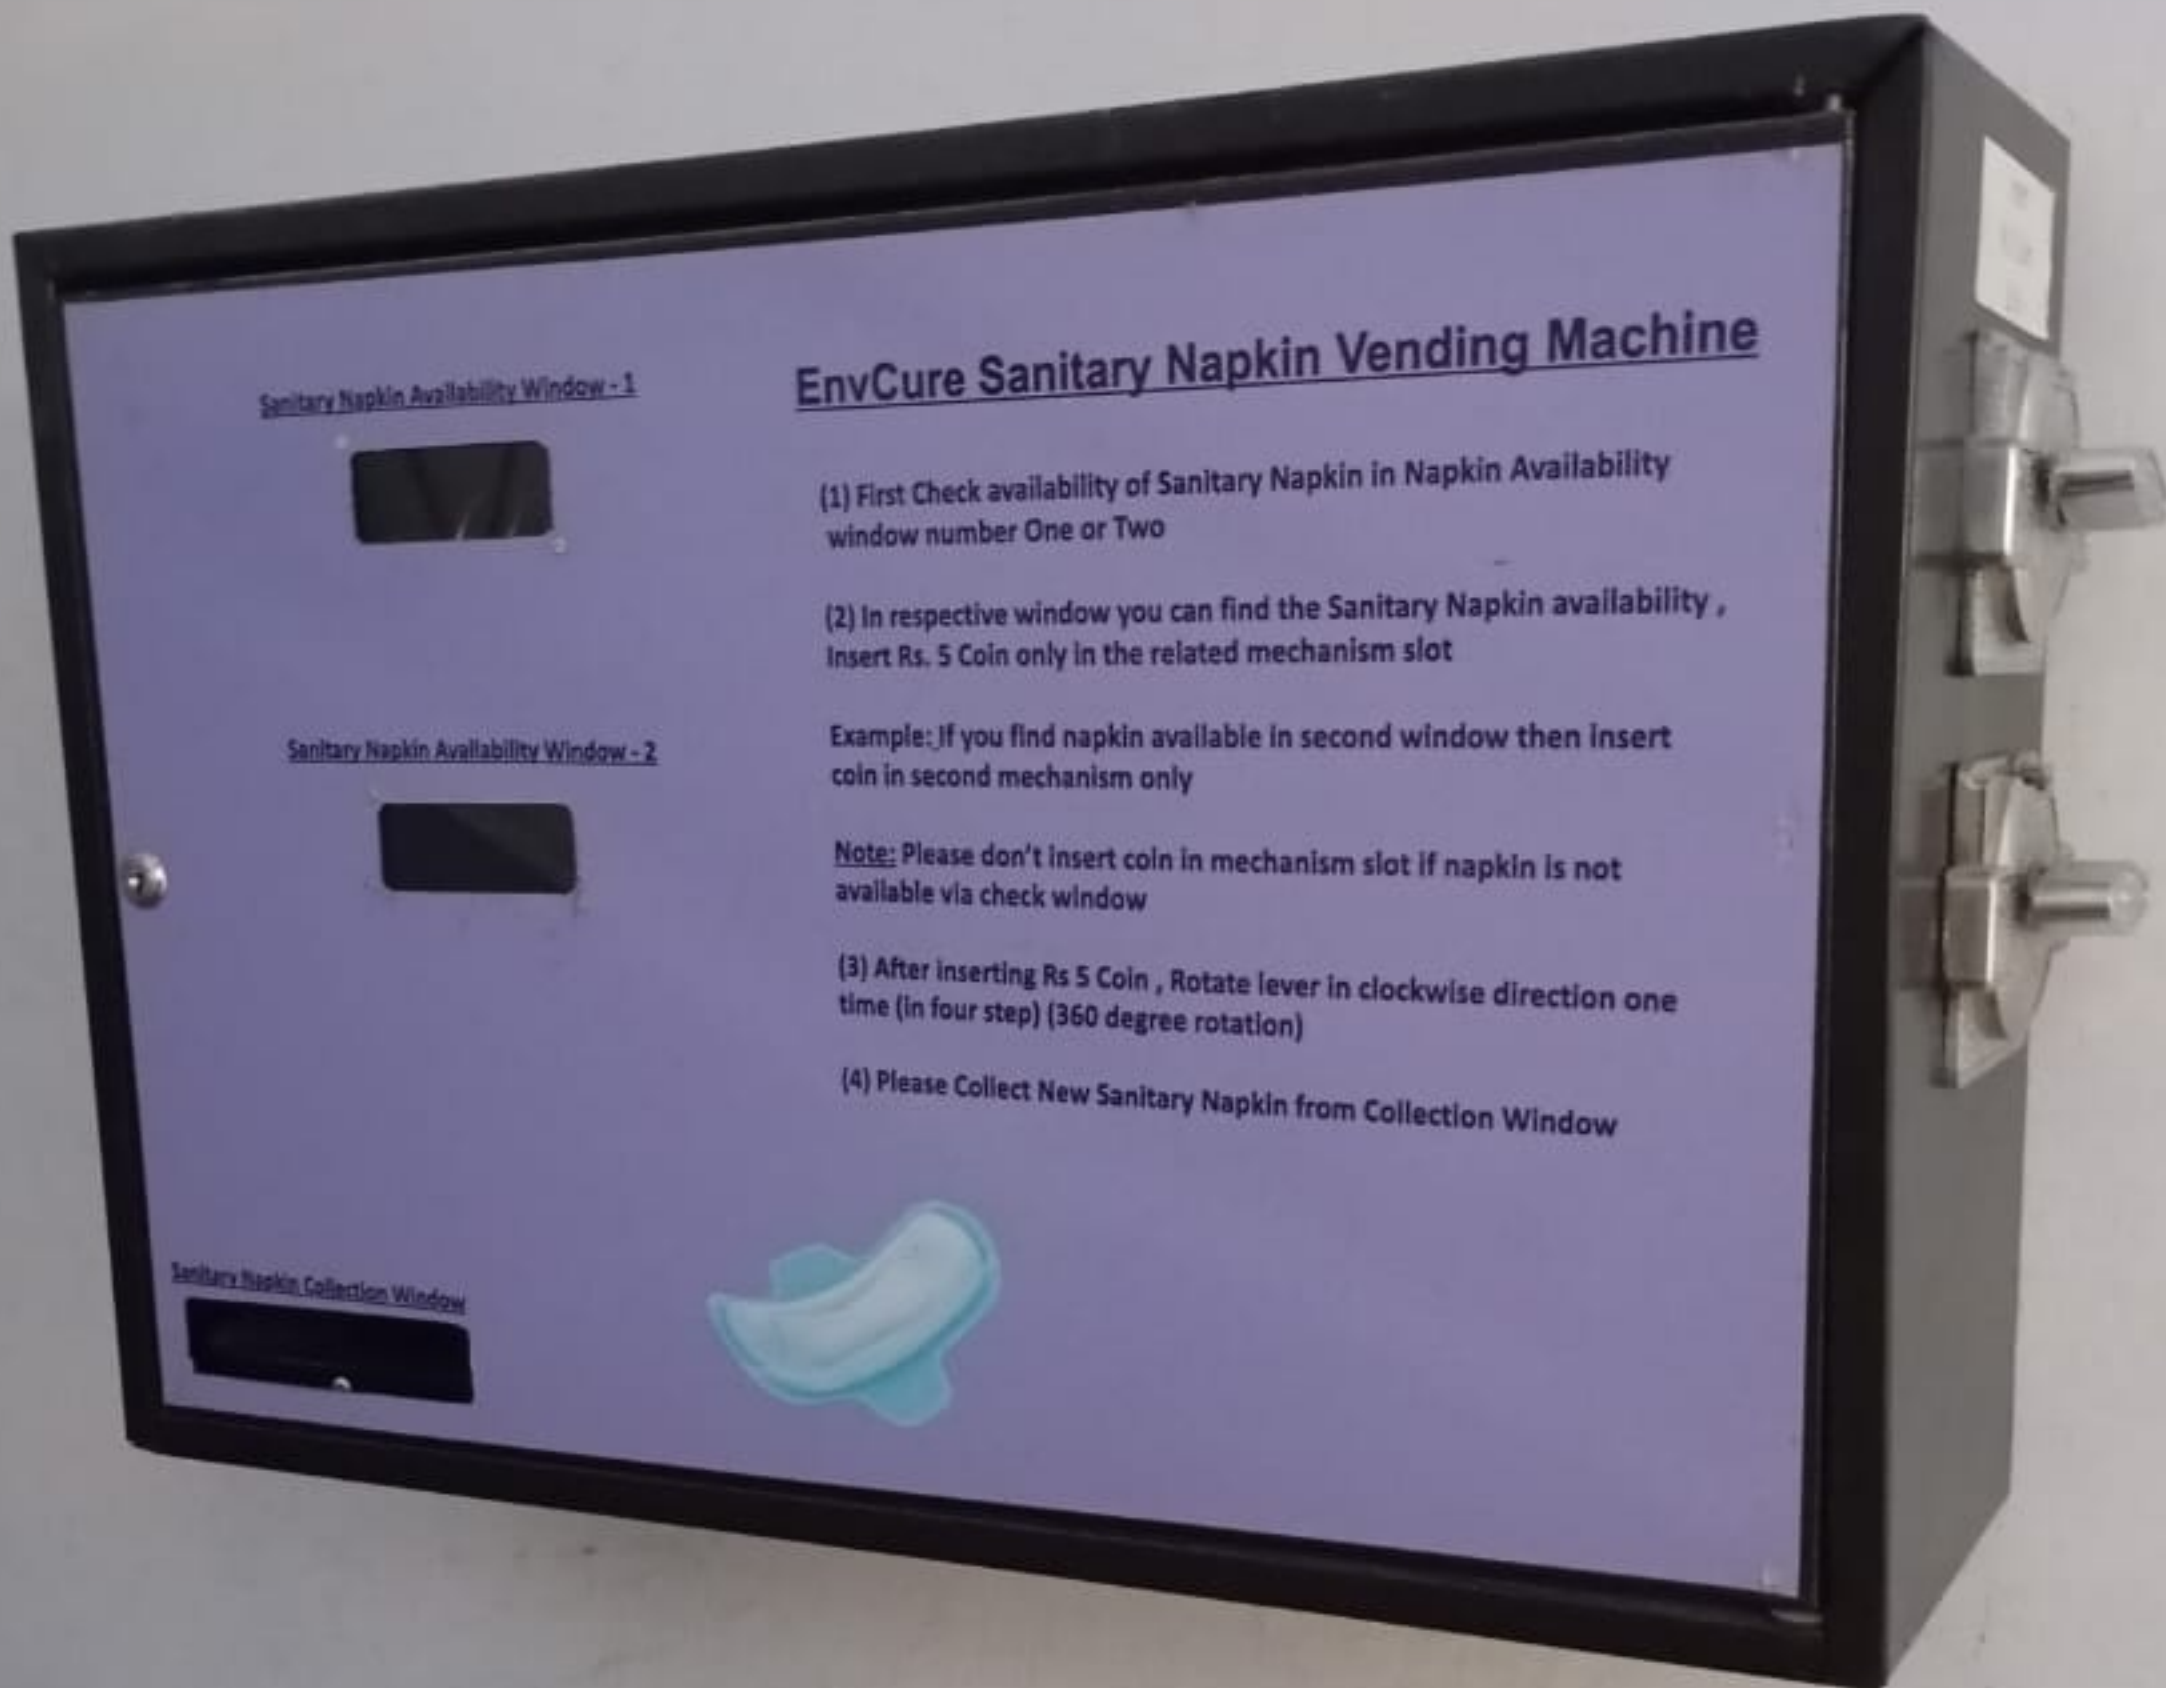

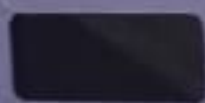

Sanitary Napkin Availability Window - 1

Sanitary Napkin Availability Window - 2

Sanitary Napkin Collection Window

## EnvCure Sanitary Napkin Vending Machine

(1) First Check availability of Sanitary Napkin in Napkin Availability window number One or Two

(2) In respective window you can find the Sanitary Napkin availability , Insert Rs. 5 Coin only in the related mechanism slot

Example: If you find napkin available in second window then Insert coin in second mechanism only

Note: Please don't insert coin in mechanism slot if napkin is not available via check window

(3) After inserting Rs 5 Coin , Rotate lever in clockwise direction one time (in four step) (360 degree rotation)

(4) Please Collect New Sanitary Napkin from Collection Window
