Respected Pro VC Sir,
Sadar Pranam.

As per your kind guidance, we have prepared a list of basic equipment for genetic and cell culture lab. It will cover broad spectrum of experiments as per vision of Brahmavarchas.

The total cost of 13 equipment is coming nearly Rs. 40 lakh (40,44,199). Kindly find attached details for your kind guidance.

As per your kind guidance, we are also searching sadhak pariyan donors with help of Nrupali didi and Vipul Patel Uncle for new equipment.

Nrupalididi and Manishbhai has talked to Parth Desai bhai. They suggested,

- 1) GCC can donate the whole project if you feel this is appropriate ✓
- 2) They can also search individual pariyan for the same.
- 3) There is also possibility that GCC can look into directly purchasing/donating equipment for DSVV.

Kindly guide for the same.

Thanking you

Yours faithfully

Respected Pro VC Sir,
Sadar Charan Sparsh,

As per your previous kind guidance and approval, laboratory furniture was obtained and being installed for the new facility. It should be ready in 7-10 days.

The approved amount was Rs. 8,99,419 for the approved quote. Its freight charges came to Rs. 30,680. The tax invoices are attached herewith for your kind reference.

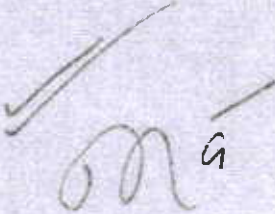

The new extension of the GC-MS room was developed after the above approval was given. Because this lab furniture was coming, considering the discounted margin from the same provider and quality of GPSP metal along with selected color combination, lab furniture for this room was made by the provider along with other areas of the lab upon our request and is being installed. It costs ~Rs. 1,60,000. Kindly find its tax invoice attached (to be revised by provider).

It was thought that the GC-HRAM-MS sponsor (rotary club through Dr. Amarnath's sponsor) would bear this additional cost. As finding a sponsor process is getting delayed, we would humbly like to request that if possible the additional price i.e. ~Rs. 1,70,000 for the same is processed through our end.

Kindly guide and permit for the same.

Thanking you
Yours faithfully

Respected Pro VC sir
Sadar pranam.

Kindly find below the revised details for two of equipment for the new facility for your kind guidance.

Biosafety cabinet & CO2 incubator

- We would like to propose a good-quality biosafety cabinet for cell culture and high end bacterial studies.
 - The current one is lower quality indian made which throws air out and currently is used for microbiology media preparations and studies
- CO2 incubators of Indian make can also be used but we have obtained the best quote for quality make (ThermoScientific) and larger capacity.

	REMI (Indian make)	Thermo Scientific (International make)
✓ Biosafety cabinet	2 lakh	5.07 lakh
✓ CO2 incubator	2.76 lakh (90 liter)	4.13 lakh (150 liter)

For Biosafety cabinet, kindly find previously proposed note sheet for 2 lakh rupees.

For CO2 incubator, Indian make price is previously included in budget approved by your kind self.

Kindly guide,

Thanking you

Respected Pro VC Sir,
Sadar Charan Sparsh,

As per your previous kind guidance and approval for phase I office area furniture, the new facility office furniture is installed.

The approved amount was Rs. 4,22,472.

The actual cost of its making is coming as following

- Raw material <i>made</i>	Rs. 2,42,000
- Local vendor who make it	Rs. 1,00,000
- Chairs	Rs. 120,000
- Total	Rs. 4,60,000

The difference in the estimate and actual expenditure was due to wrong estimation of raw material due by the local maker. We had tried best to reduce the amount wherever possible by taking medium quality raw material wherever possible.

Kindly find the Tax invoices for Raw material and makers' charge attached. The Chairs tax invoice will come along with delivery of chairs. (Chairs cost was coming high by local maker and local wood cutting, which were replaced with ready-made).

Kindly guide and permit for its payments.

Thanking you
