# A Day of Appreciation

"Teaching is a very noble profession that shapes the character, caliber, and future of an individual. If the people remember me as a good teacher that will be the biggest honor for me" stated Dr APJ Abdul Kalam. Every year 5th September is an important day for every educational institute as we pay our respects to those who have played the role of guru, mentor and a teacher in our lives. We read in our ancient texts – the Ramayana and Mahabharata – wherein boys were sent to the gurukuls not only to be educated but to learn the way of life. Thus, the teacher in the gurukul was not only a teacher, but he fulfilled the role of a parent as well. The reverence for the teacher reached such a pinnacle that Eklavya gave his thumb to Guru Dronacharya as guru- dakshina. The great sufi poet Kabir says – Guru gobind dohu khade, kaake lagoon paaye. Balihari guru aapne, govind diyo bataye. (While I stand before the teacher and god, to whom should I pay obeisance first. All glory to the guru who showed me the path to

god.) Kabir elevated the teacher to a notch above god. Hence, the celebration of Teachers' Day is very important in our culture. With so much reverence bestowed on us, comes great responsibility.

In modern India Teachers' Day is celebrated annually on September 5 to mark the birthday of the country's former President, scholar, philosopher and Bharat Ratna awardee, Dr Sarvepalli Radhakrishnan, who was born on this very date in 1888. The story behind Teachers' Day goes that when Dr Radhakrishnan took the office of the second President of India in 1962, his students approached him to seek permission to celebrate September 5 as a special day. Dr Radhakrishnan instead made a request of them to observe September 5 as Teachers' Day, to recognise the contribution of teachers to the society.

Teachers give us the biggest gift of life. They teach us, they educate us and make us the noble citizens of the country so that we

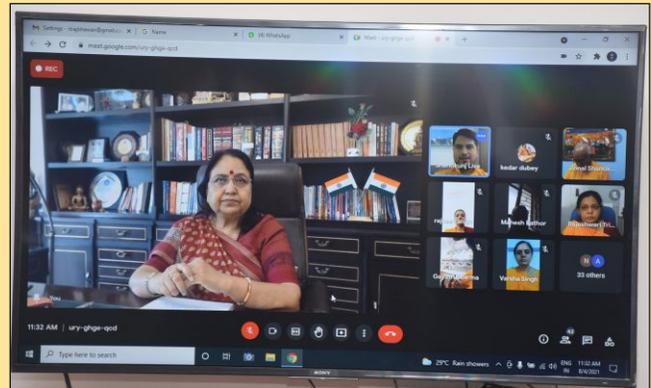

can contribute to nation building. As teachers we should never forget the moral and ethical duties towards the students we teach. We mould, we guide, we inspire, we nudge them forward to do better in life and thus produce a new generation of responsible citizens for our country.

Students look forward to this day with great enthusiasm and zeal due to the sheer spirit of the occasion. On this day students realize what it means to be a teacher and what responsibilities a teacher bears when it means to shape the future of several students. Teachers on this day are reminded of their school days when they were at the student's desk and feel nostalgic. It is an equally special day for them. They get to know how much they are liked and appreciated by the students. Teachers' Day is another way to provide encouragement and support to the teachers to make them feel their devotion towards students is appreciated.

# TRANSFORMATION

## Webinar on Women Empowerment

The most recent Governor of Uttarakhand, Smt Baby Rani Maurya Ji participated as the keynote speaker in a webinar on women empowerment in which the women participants were from Shantikunj and Dev Sanskriti Vishwavidyalaya. She emphasized on the notable achievements of the women with historical past and those who have committed to the nation building of India. She emphasized on her achievements too, such as how she has become the Governor and how she has started various schemes for women empowerment. The webinar was hosted by the women empowerment cell of All World Gayatri Pariwar.

## Covid Care Centre

On August 8, our honored Pro-Vice-Chancellor Chinmay Pandya Ji inaugurated a Pathology lab in the campus of Dev Sanskriti Vishwavidyalaya. This has significantly increased the availability of health care services at the institution. Gayatri Pariwar is on a mission to raise people physically, psychologically, and spiritually, and the establishment of this pathological lab is a big step toward that goal. As an old adage goes, only a healthy body can house a healthy mind, and the development of this lab would undoubtedly make that happen. As a result, once this Pathological lab is operational, it will simplify simple health checks and aid in the discovery of cures for many disorders. It has already begun treating Covid patients and serving as a dependable Covid Care Centre.

## New Thought New Commitment

### PLANTING FIVE TREES

DSVV has always been one of the major institutions to be a part of environment-friendly steps, be it the uniquely shaped buildings for avoiding deforestation to accepting trees as friends (Taru Mitra). The new initiative is interesting- after completing the respective course, every student has to plant five trees in order to get the degree. Connecting humans with the environment is an important aspect of a healthy existence. Just as Lord Shankar drank poison to protect the divinity, similarly trees swallow the poison of the human race and give nectar, says Pujya Gurudev Shriram Sharma Acharya Ji.

While announcing this campaign University's Pro Vice Chancellor Hon Dr Chinmay Pandya said "It is a matter of great pride that in the series of numerous environment initiatives, DSVV is starting another historic drive. Now during the social internship, students shall have to plant five trees in order to get their degrees."

## डिग्री हो पाना तो 5 वृक्ष लगाना

देव संस्कृति विश्वविद्यालय की एक प्रासंगिक एवं ऐतिहासिक पहल

भारत का एक मात्र विश्वविद्यालय जो सामाजिक परिवीक्षा के माध्यम से विद्यार्थियों में नैतिक विकास एवं समाज उत्थान हेतु कार्यरत है।

अब इस कड़ी में एक और नवीन पहल, पर्यावरण संरक्षण पर विद्यार्थियों को विशेष रूप से ध्यान देने हेतु प्रेरित किया जाएगा, परिषिका के दौरान 5 वृक्ष लगाना अनिवार्य होगा।

इसके उपरांत ही विद्यार्थियों को डिग्री / उपाधि दी जाएगी।

जैसे देवत्व की रक्षा करने के लिए भगवान शंकर ने विषपान किया था, वैसे ही वृक्ष मानव जाति की रक्षा करने के लिए विष पीते रहते हैं और अमृत तत्व देते रहते हैं।

# DEPARTMENT'S DIARY

## Rouble Nagi Ji visited DSVV

Dev Sanskriti Vishwavidyalaya organized a seminar on the topic of "Women Empowerment" on August 20th as part of the Shantikunj Golden Jubilee Year Lecture Series. Rouble Nagi, a well-known artist, and a social worker was the seminar's keynote speaker. She met with Hon. Pro-Vice-Chancellor Dr. Chinmay Pandya Ji and discussed the activities of the All World Gayatri Pariwar in the fields of women's empowerment and other social upliftment. She also spoke about her Rouble Nagi Art Foundation and expressed her belief that the Gayatri Pariwar and her organization, if they work together, can bring about a required and significant change in society. Rouble Nagi Ji strolled around the university grounds. She also visited the university's self-reliance center, where she learned about the numerous creative and small firms sponsored by the institution to help women and youth become self-sufficient.

Rouble Nagi stated in her address that women must be financially independent in order to be self-sufficient. She praised Gayatri Pariwar's contribution to social upliftment, as well as the sacrifice and labor. Dr. Chinmay Pandya Ji envisioned Rouble Nagi's visit as the start of a new journey in which both organizations may collaborate to make significant contributions to women's empowerment.

# ACHIEVEMENTS

## ALUMNI TESTIMONIAL

**Anjali Kumari**

Batch: 2015-2020 | Courses: BCA, MCA | DSVV

Assistant System Engineer  
Tata Consultancy Services

“ Dev Sanskriti Vishwavidyalaya is a teacher whose contribution to my development I will never forget. Wherever and whatever position I am today and will be in the future is only due to the correct supervision and training that I received from Dev Sanskriti Vishwavidyalaya. I've already identified myself there. I've noticed unexpectedly beneficial changes in myself. Aside from my education (Computer Science), I've learned how to be a good person and how to face problems boldly. Aside from that, "Geeta and Dhyana courses" inspired me greatly, and I always followed one thing that I learned to say to myself "O soul, be my friend," which influenced my entire career. DSVV provided numerous opportunities such as social internships, professional internships, cultural activities, webinars, seminars, life management classes, and so on, which assisted me in enhancing numerous skills as a result of which I am doing well, and one thing that I always keep with myself is a learning spirit, human value, and self confidence. I am grateful and owe my accomplishment to my parents and every member of DSVV.

”

**Sugam Kumar**

Courses: BCA | DSVV

Co-Founder & CEO  
Varenyam Yoga Pvt Ltd Hyderabad Telangana India

“ DSVV campus is the perfect place to discover your inner potential and hone your skills. It is more than just a university for me; it has changed my life.

”

## ALUMNI TESTIMONIAL

**Neha Sharma**

MSc | DSVV

Assistant Professor, Management Department  
Dr. Ram Manohar Lohia Institute!

I have so many memories from my college days, but my graduation experience at Dev Sanskriti Vishwavidyalaya was fantastic. I consider myself extremely lucky to have been chosen by Guru Satta to be a part of this Divine University - Dev Sanskriti Vishwavidyalaya (DSVV). I will always be grateful for the incredible learning experience I had, and I will cherish my memories of this one-of-a-kind environment.

**Vivek Kumar Bhatt**

MSc | DSVV

Senior Yoga Trainer  
Ho Chi Minh City Vietnam

My name is Vivek Kumar Bhatt, and I graduated with a Master's and a Bachelor's degree in Yoga from Dev Sanskriti Vishwavidyalaya from 2006 to 2011. I'd like to say a few words about Dev Sanskrit Vidyalaya, Dev Sanskriti Vishwavidyalaya, a university where students are provided education as well as life lessons, where students are taught the art of living, and where students are told this. That is how you may continue your education while maintaining your morals, and I wholeheartedly commend this university. Where I had the opportunity to further my education. Thank you very much.

## The role of current events in the preparation of civil servants

**Q: When did you enter the civil service, and why did you choose this specific field?**

**Reply:** I passed the UPSC in 2013.

I believe that we may serve the nation not just via our professions or occupations, but also through our intentions. However, being in this sector allows one to make a significant difference in the lives of others. It gives me a sense of accomplishment.

**Q: Tell us about the challenges you had on your path from engineering to UPSC.**

**Reply:** I graduated from G.B. Pant University Of Agriculture And Technology in 2010 with a degree in mechanical engineering.

When it comes to my hometown of Almora, the environment is pretty conducive to education, therefore I did not experience any major challenges or feel inferior as a result of my geographical location. In fact, I consider myself fortunate to have access to amenities that many people, particularly women, do not have. I received excellent grades in engineering, which led me to various opportunities with reputable businesses such as Maruti Suzuki,...etc. Even though I had other offers, including RO as a sea level scientist in Bengaluru, I chose to work for NTPC as a construction engineer. Then I decided to study for the exam in addition to my employment. I passed the exam on the first try, and my overall rank was 165. I was assigned to Uttarakhand, therefore I was delighted to be among my own people. I make every effort to fulfil my social obligation in a constructive manner.

My family and instructors were quite supportive.

However, the police training is rigorous, but it will also transform you.

**Q: What role does current events have in the preparation of civil servants?**

**Reply:** The factual data that you incorporate in your answer, which originates from your understanding of current events, determines the relevancy and enrichment of your answer. Inserting current-events facts into traditional questions will undoubtedly increase your score. It is essential not only for the particular portion of current affairs, but also for essays, interviews, general studies papers, and case studies in ethics. So current affairs is essentially a vital aspect of the paper that has been approved as an island but should be attempted as a whole.

**Q: There are numerous YouTube channels and websites available on the internet. Is it acceptable to avoid magazines and newspapers? Or how much time should they be given?**

**Reply:** Each kid approaches taking notes in a unique way. When it comes to myself, I take a mixed attitude. I wrote notes on some topics and underlined crucial sections in the text on others. Making notes for the exam is preferable because it aids in revision. When it comes to newspapers and magazines, I don't believe there is a substitute. When it comes to myself, I don't always have time to read newspapers on a regular basis due to my job. So on Sundays, I used to read newspapers for the entire week.

## The role of current events in the preparation of civil servants

**Q: Please tell us a little bit about your contribution to Bhartiya Sanskriti Gyan Pariksha.**

**Reply:** Gayatri Pariwar's Bhartiya Sanskriti Gyan Pariksha was very important in comprehending Indian culture. In the paper, I was ranked first in Uttarakhand. This is how I first became acquainted with Shantikunj and Gayatri Pariwar. After that, the experience with Gayatri Pariwar has been delightful.

**Q: Please advise the young ladies viewing this interview who are also preparing for the UPSC.**

**Reply:** No aim is more important than you. Your vulnerability fuels your might. So put forth the effort to achieve your goal. There are walls at every step, but if you are motivated, you can easily cross them.
